

## Marketing your business doesn't get any easier..

Build your brand, stay in touch with clients  
and grow your business—all from one tool.

Our expertise is showing off yours.

# Good to Grow

## What you can expect

As your all-in-one marketing platform, FMG provides all the tools and services you need to enhance your brand, deepen client relationships and attract new business.

Get everything you need to market effectively. Access your website, social media, email, blogs, events and more – from one location. FMG’s technology is one of a kind, offering the products and services to grow your business while freeing up time to focus on what matters most – your clients.

### A modern and beautiful website

Create a gorgeous, traffic driving website that delivers a great first impression. FMG websites are professionally designed, optimized for search engines, and easily customizable. You can integrate with applications like Google Analytics or Riskalyze, then turn your site in a lead-generating machine with our conversion tools.

### Market your business

Increasing your client engagement comes down to more frequent, proactive communication. And one marketing channel doesn’t cut it; clients want regular touches from multiple channels. That’s where FMG comes in with tools to seamlessly send timely, relevant, and authentic content through email, social media, and event printed greeting cards.

### Content to fuel your marketing

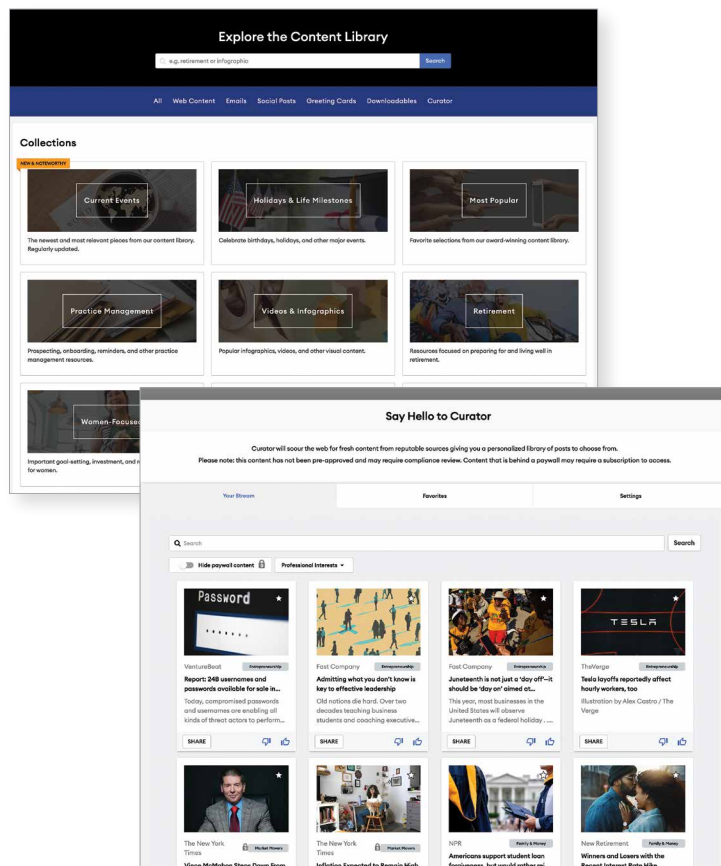

Leverage a compliance-friendly content library filled to the brim with authentic emails, social posts, market commentaries, infographics and videos and more.

### Timely topics to proactively communicate

Use the library to quickly communicate on current events, market news and relevant topics. Give your clients confidence that you’re on top of the situation, so they don’t have to be.

### AI-powered content

Using AI, our award-winning Curator™ recommends articles for you to share based on your interests. You can choose articles from thousands of trusted sources, including Forbes, CNBC, Wall Street Journal and more. No gating and customizable captions make it easy to share your opinions on current events.

### **Automated campaigns to make marketing effortless**

Save time, and surprise and delight with email sequences that drip on your clients and prospects. Automated email, social media, and printed greeting card campaigns help your network celebrate birthdays, send referrals, and gain monthly insights on the market.

### **Compliantly market your business**

We remove the paperwork, processes and lost time that often come with compliance approvals. FMG offers a built-in compliance process, automatically routing any edits or new communications to your compliance department's inbox for review. When they hit "approve," the content will go live or become scheduled for delivery. There is no need to submit anything manually.

### **Greeting cards made easy**

We have a great selection of cards and ecards covering all the main celebrations—from birthdays and holidays to thank you notes for events and prospect meetings.

### **Integration with your CRM**

Seamlessly upload contacts and maintain and manage all contact information and activities. FMG connects with all major Customer Relationship Management systems (CRM), like Redtail, Salesforce, WealthBox and Ebix.

### **Measuring your marketing efforts**

FMG's analytics and reporting provide a comprehensive view of the success of your marketing efforts. Track email delivery and open and click-through rates on your dashboard to easily identify which clients and segments are most receptive to your marketing efforts.

### **Webinars and events to grow your business**

Putting on an event has never been easier. In minutes, with our event sequences, you can promote your event using printed invitations, e-invites, online registration forms, social posts, emails and event reminders. It's game-changing.
